

Lot 14, Block 67, Original Town McPherson, Kansas.

The above is a plat of a survey made by me Sept. 24, 1935, for the Pioneer Savings and Loan Assn. to locate lot 14, block 67, Original Town of McPherson, Kansas.

The dimensions are as shown above. The wall, six inches thick, on the north side of the lot is on lot 14. The wall twelve inches thick on the south side of the lot is curved but apparently was meant to be on lot 14.

Steel rods are set for the corners on the east end of the lot.

*Guy Hall.*

Guy Hall, County Engineer.

The expression used above, "The wall, six inches thick on the north side", refers to the six inch wall beginning 62 feet west of the northeast corner of lot 14 and extending west about 55 feet to a point approximately 25 feet east of the northwest corner of lot 14.
