## Report of Survey

Research of the records at the McPherson County Public Works office, the McPherson County Register of Deeds office and the McPherson County Appraisers office revealed the following information:

**Roads:** Road on the East Side of Section 33, T17S-R3W, 66.00 feet wide, 33.00 feet on the West side of the section line of Section 33.

**Surveys:** References for sections corners found at the McPherson Co. Public Works vault. B.L.M. References for the West 1/4 corner of section 33. G.L.O. township lines ran by Divania Furrow in November 1864, G.L.O. subdivision lines ran November 7-12, 1864. Ownership of land established by a general warranty deed, joint tenancy found at the McPherson County Register

**Field Procedure:** I searched for the West 1/4 corner, East 1/4 corner, Southeast corner, South 1/4 corner and the Southwest corner of said Section 33, T17S-R3W. I found all corners in good condition. I found the property pins on the North side of the Cynthia Hoffman property and used that line for the South side of the new parcel. I ran the remaining property lines parallel with the East and South boundaries. I used a Nikon DTM-522 total station to read distances and turn angles. I set 1/2" x 24" rebars with plastic I.D. caps at the property pins I monumented
