Report of survey

Research of the records at the McPherson County Public Works office revealed the following information:

Roads: Arrowhead Road is 66.0' wide, 33.0' on each side of section line.

Surveys: G.L.O. Plat of Survey, dated August, 1861, by Abraham Ray. References for Section Corners found at the McPherson County Public Works vault.

Field procedure: I set 1/2" x 24" rebars at the parcel pins monumented. The S. 1/4 corner of Section 27 was set on physical evidence in the N.-S. direction (public road) and equal distance between the S.W. Corner and S.E. Corner of Section 27, T21S-R5W. All angle and distance read with a Nikon DTM-522 Total Station.
