

Report of Survey

Research of the records of McPherson County and Ellsworth County revealed the following information:

Roads: Road on the East side of section 7, T21S-R5W, 25.00' on each side of section line. Road right of way area on the East side of parcel #1 computes to be 0.08 acre. Road right of way area on the East side parcel #2 computes to be 0.11 acre.

Field Procedure: I searched for the following monuments: The East 1/4 Corner, North 1/4 Corner, Center Corner and the Northeast corner, all in Section 7, T21S-R5W. I found the corners I searched for in good condition. I used a Nikon DTM-420 total station to read distances and turn angles. I set 1/2"x 24" rebars with I.D. caps at the property pins I monumented.
